

Privacy Policy

All the transactions are with secure methods of trouble free payments of fees. Transactions are encrypted by 128-bit SSL security, which is an industry standard security prevalent for online payments. User can be rest assured that all the information is safe and secure with us. The financial information is kept safe from any unauthorized access.

School Online transaction process uses encrypted cookies that do not pass to your computer's hard drive. The cookies for transaction through our portal simply provide another level of security for online payments. When you log off, or close your browser, the cookie is destroyed. A new cookie is used for each session. That way, no one can use the prior cookie to access your account. For additional security, the cookie expires after 10 minutes of inactivity.

User Information

When user setup an account with us, contact us, or enrol in to School online fee payment portal, we keep information from you such as name, e-mail address, mobile phone number, etc. When user visit our site, we may maintain some information about his visit such as computer's IP, browser type, time visited, etc.
